

State and Local Tax Services

With over 25 years of state and local tax specialization, we offer expertise in multi-state income, franchise, property and sales and use tax. We provide services for many enterprises involved in multi-state operations, identifying tax saving opportunities while relieving our clients of the compliance burden created by the multitude of state, county and local tax jurisdictions. Our multi-state tax specialists assist clients with state and local tax audits and state and local income and franchise tax issues.

Our state and local tax specialists provide our clients with the following turn-key services:

- Focuses on the most important issues
- State income tax diagnostic review
- Nexus research, review, and planning
- Tax minimization strategy development and implementation
- Corporate restructuring
- State tax audit management and defense
- State tax appeal management
- Tax credit and incentive management
- Sales & use tax diagnostic review
- Tax research and issue analysis
- Tax amnesty and voluntary disclosure agreement preparation
- Personal property tax analysis
- Unclaimed property control development
- Sales tax compliance review
- State tax education and training

Through our affiliation with CPA Associates International, we have access to experts and trained staff around the country. Our members are linked electronically, providing opportunity for instantaneous communications and problem solving nationwide.
